

Pathways Programs

Mission Statement:

FLS International is committed to providing effective English as a Foreign Language education and cultural training to international students and assisting clients during each phase of their educational experience, from their initial entry into the United States to their transfer to a college or university.

FLS Pathways

Only FLS offers more than 100 pathway programs to America's top universities!

1. Our students take a short pathway preparation program.
2. The **FLS Pathways Program** allows the students to receive two years of university credit.
3. Students complete their last two years at any of the major universities listed as a UPP partner.

Please note: There is no TOEFL test or any other requirements for acceptance to the FLS Pathways Programs. Grades in the FLS Pathways Program will allow students to attend the very best schools, but all students who complete the course are placed into top level universities.

Safety

All of our FLS sites offer top rate security. During the first day of orientation, rules and regulations are reviewed and safety tips are reviewed. A variety of health services are available on site. Our staff is also available 24-hours a day by emergency phone.

Personal Guidance

At each of our centers, you'll be impressed with the expertise and caring attitude of our full-time and highly qualified staff guiding you every step of your educational pathway. Our Center Directors, Housing Coordinators, teachers, and staff all share the same goal: to make your experience at FLS memorable and educational.

Bringing the World to YOU

FLS hosts students from over 100 countries, allowing students to learn cultures from fellow students while studying and building long lasting friends.

The Immersion Method

At FLS, students begin improving their English from their first day of the program. Because our curriculum emphasizes oral English, you will find your confidence and comprehension increasing. Finish an FLS level in four (4) weeks!

FLS is The Choice for English Learning

Varied Learning Techniques:

FLS focuses on developing the four English language skills – reading, writing, speaking, and listening. These skills are enhanced with our daily core class. In addition to our core classes, we offer varied elective classes, such as English through Film, American Culture, Slang, and Introduction to Literature. Daily workshops also provide concentrated, self-contained lessons on specific aspects of English, like pronunciation, vocabulary development, and conversation.

On-Campus Education:

As students proceed in our program, higher level classes are taught with materials similar to what students can expect when continuing their education at a college or university. Through our close cooperation with higher education institutions, students can keep on track to meet entrance deadlines. FLS counselors will also track the progress of each student to offer additional support and ensure application materials are submitted on time.
